

KEY FEATURES

1. In this contract, the definition of age used is age last birthday (l.b.d.)
2. **Grace period:** You have a period of 30 days from the due date to pay your premiums, during which your life insurance cover will continue.
3. **Discontinuance:** In case a premium due is not received within the grace period, the Company will send you a notice for payment of the due premium within 15 days of the expiry of the grace period. In case no reply is received within 30 days of your receipt of the notice, it will be deemed that the policy has been discontinued. In case of death of the life assured after discontinuance of the policy, the proceeds of the discontinued policy will be payable (i.e. the fund value less discontinuance charges).
4. The policyholder (proposer) and the life assured can be different individuals in this plan. However, under this plan all benefits (death and survival) are linked to the life of the life assured and there is no contingency on the life of the proposer/policyholder. In case the proposer/policyholder dies prior to the life assured then the responsibility for premium payment will lie with the life assured or the guardian of the life assured (in case the life assured is a minor). Further, if premiums are not paid due to death of the proposer/policyholder, then the policy may be discontinued on the expiry of the notice period as described in the discontinuance clause (point 3) above.
5. Unused free partial withdrawals cannot be carried forward to the next policy year. There will be no surrender charge levied in case of auto termination of policy. Refer point 18 for Auto termination clause.
6. The tax benefits under the plan are as per the law prevailing on the date of issuance of this brochure, and are subject to change. For specific details, please contact your tax consultant.
7. The assumed rates of return (6% p.a. and 10% p.a.) shown in the benefit illustration are not guaranteed and they are not the upper or lower limits of what you might get back as the value of your policy depends on a number of factors including future investment performance. The fund values at maturity shown in the illustration are net of service tax and applicable cess.
8. Request for any alteration in Sum Assured should be given at least 60 days prior to policy anniversary and will be effective only from the policy anniversary following the date on which you have made your request. Option to increase the Sum Assured is not available for minors or persons above 50 years of age. Increase/decrease in Sum Assured is subject to underwriting acceptance.
9. Risk commencement date under this plan will be the later of (i) date of acceptance of risk by the Company and (ii) date of realization of proposal deposit by the Company.
10. **Net Asset Value (NAV) calculation:** When appropriation/expropriation is applied, the NAV of a unit linked fund will be computed as market value of investments held by the fund, plus/less the expenses incurred in the purchase/sale of the assets, plus the value of any current assets, plus any accrued income, net of fund management charges less the value of any current liabilities, less provisions if any. The unit price of the fund under consideration is arrived at by dividing the NAV of the fund by the number of units existing at the valuation date (before any new units are allocated/ redeemed).
11. First premium will be allocated at the NAV of the date of commencement of the policy. In case of premium received by outstation cheques, the NAV of the realization date or due date, whichever is later, will be allocated.
12. Transaction requests (including renewal premiums, switches, partial withdrawals etc) received before the cutoff time will be allocated the same business day's NAV and the ones received after the cutoff time will be allocated next business day's NAV. The cutoff time will be as per IRDA guidelines from time to time.
13. The premium shall be allocated on the due date even if it has been received in advance.

14. There is no provision of loan on the policy.
15. Assignment and Nomination are permitted under this policy as per Section 38 and Section 39 of the Insurance Act, 1938 respectively.
16. **Suicide exclusion:** No benefit is payable except fund value as on the date of notification of death if death of life assured occurs due to suicide or attempted suicide within 12 months of the date of commencement or date of reinstatement of the policy.
17. **Free look period:** The policyholder has the right to cancel the policy within 15 days from the date of receipt of the policy document, in case he/she does not agree with the terms and conditions of the policy. If the policyholder cancels the policy during free look period, the Company will refund the fund value on the date of cancellation plus the un-allocated premium (if any) plus any charge deducted by cancellation of units, after deducting proportionate risk charges and expenses incurred on medicals and stamp duty.
18. **Auto termination:** At any time after the policy completes five policy years, in case the fund value after such withdrawals becomes equivalent to or falls below one year's regular premium due to poor market performance, the policy will automatically terminate and the Fund Value will be payable to the policyholder.
19. **Section 41 of the Insurance Act, 1938:** (1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer:
Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer.
(2) Any person making default in complying with the provisions of this section shall be punishable with fine which may extend to five hundred rupees.

20. **Section 45 of the Insurance Act, 1938:** No policy of life insurance effected before the commencement of this Act shall after the expiry of two years from the date of commencement of this Act and no policy of life insurance effected after the coming into force of this Act shall, after the expiry of two years from the date on which it was effected be called in question by an insurer on the ground that statement made in the proposal or in any report of a medical officer, or referee, or friend of the insured, or in any other document leading to the issue of the policy, was inaccurate or false, unless the insurer shows that such statement was on a material matter or suppressed facts which it was material to disclose and that it was fraudulently made by the policy-holder and that the policy-holder knew at the time of making it that the statement was false or that it suppressed facts which it was material to disclose:
Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.
