

Annexure 5 : Guidance for this annexure

Total Sheet: Only for bank reference

Bidders input sheet:

Bidder is required to insert inputs only in the sheet "Bidder Input". The sheet has been protected to avoid any discrepancies. If any bidder tries to violate the formulae or figures in this sheet, commercial bid for the bidder will be disqualified and bidder will no more be a participant of the RFP.

Any Additional rows that may require to detail the ICB for each solution/system/device/service have been provided for each solution, also please provide reason in brackets for using the additional rows

Additional Items: Any additional items such as OS, DB, Agents, Middleware, other additional items etc. if any for each of the solutions should be provided in rows marked "Addition Row" for each of the solution. Bidder should note that if any software / hardware is not factored quoted for and is essential for the functioning of the solution, then the bidder is liable to procure the same at no additional cost to the bank.

Note: These details shall be verified against the bill of material submitted along with the technical bid

The bidder shall ensure that any additional hardware/software/network equipment required to operationalize the respective solutions/devices must be detailed in the technical and commercial bill of material
